**Gold Cup Highlights Hollypark Campaign**

Hollywood Park's current thoroughbred racing season hits its highest spot Saturday when the \$182,100 Hollywood Gold Cup, featuring some of the nation's finest handicap performers, is run over the mile and one-quarter route at the Inglewood track. Each of the Gold Cup's 22 runnings has drawn a power-packed field and its list of past winners reads like a who's who of the turf, with such champions as Seabiscuit, Kayak II, Challedon, Noor, Citation, Two Lea, Swaps, Round Table, Gallant Man and Hillsdale. On hand to contest the 23rd edition of "the race of champions," as the Hollywood Gold Cup has become known, is an outstanding collection of stakes stars. Included are Prove It, already winner of two Hollypark 50-granders this season, the Inglewood and American Handicaps; Olden Times, star of the recent Santa Anita meeting and also a Hollywood Park stakes winner this year; T. V. Lark, biggest money-winning California-bred winner of all-time and top grass course horse of 1961. Cadiz, who took the \$116,200 Californian early in the Inglewood meet, and Windy Sands, who showed his ability to go the rugged Gold Cup distance in his recent victory in the Cortez Handicap, are also nominated. HARPIE, a four-time winner at Hollywood Park and a close-up third in the American Handicap to Prove It and Windy Sands; Sea Orbit, who finished a fast-closing second to Prove It in the Inglewood, are nominated. Typhoon 2nd, a top star in Irish and English racing before being imported to the U.S., and Grey Eagle, runner up in the Hollywood Gold Cup last year and second to Windy Sands in the Cortez, are other contenders for the Gold Cup.

**Water Courtesy Safety Necessity**

Courtesy on the water is the key to boating safety, according to the committee sponsoring National Safe Boating Week. Here are a few rules that will aid you in being a courteous boater: Sailboats and rowboats have the right-of-way over powered craft in ALMOST all cases. Keep clear of large commercial and government vessels—your small craft can maneuver more easily and quickly than they can. Watch your wake. It can cause serious damage, and you are legally responsible for it.
